

TeamWORKS Virtual

TeamWORKS Virtual applications take advantage of Microsoft® Application Virtualization. This technology enables traditional desktop applications to run over the web without being installed on the PC. The applications can be managed from one central location. TeamWORKS Virtual applications can be hosted by TeamWORKS or an can be delivered as an in-house system. TeamWORKS Virtual packages all the advantages of the rich desktop environment and the ease of management offered by web applications.

ABOUT TEAMWORKS

TeamWORKS is a software and solutions provider specializing in meeting the needs of Educational Facilities and Maintenance professionals. Our experience with K-12 and Higher education gives us an advantage over the competition. We have an in-depth understanding of the unique challenges faced by our clients in education systems. Put our experience and knowledge in your corner.

Created at the request of several K-12 maintenance directors, TeamWORKS was founded in July 2002 to fill a void in school's Facilities and Maintenance software and software services. Since that time, TeamWORKS has grown to serve school districts throughout the nation.
