Event Scheduling

Hosting an event can become a burdensome, expensive task. Give your customers the capability to check dates, times, locations and facilities availability. Work is scheduled, facilities are booked and fees are levied based on the approved schedules. Areas can be blocked for maintenance or other activities preventing the scheduling of events in an area that is not available. Take control of your facilities usage!

ABOUT TEAMWORKS

TeamWORKS is a software and solutions provider specializing in meeting the needs of Educational Facilities and Maintenance professionals. Our experience with K-12 and Higher education gives us an advantage over the competition. We have an in-depth understanding of the unique challenges faced by our clients in education systems. Put our experience and knowledge in your corner.

Created at the request of several K-12 maintenance directors, TeamWORKS was founded in July 2002 to fill a void in school's Facilities and Maintenance software and software services. Since that time, TeamWORKS has grown to serve school districts throughout the nation.
