

## Utilities

**Utility Tracking Manager allows you to track the cost of electricity, water, natural gas and other utilities. Costs can be broken down by cost/student or cost square foot. Graphs make this information available in easy to understand, meaningful reports. Consumption can be compared, by location, over time with Degree Day and Load changes noted. Ensuring accurate reporting is available to help manage your energy conservation strategies. In addition to tracking utility costs, you can track fuel tank levels and consumption ensuring all your energy sources are being managed.**

### ABOUT TEAMWORKS

TeamWORKS is a software and solutions provider specializing in meeting the needs of Educational Facilities and Maintenance professionals. Our experience with K-12 and Higher education gives us an advantage over the competition. We have an in-depth understanding of the unique challenges faced by our clients in education systems. Put our experience and knowledge in your corner.

Created at the request of several K-12 maintenance directors, TeamWORKS was founded in July 2002 to fill a void in school's Facilities and Maintenance software and software services.

Since that time, TeamWORKS has grown to serve school districts throughout the nation.
